**CE marking according to the REGULATION (EU) No 305/2011 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC**

Dear ladies and gentlemen,

thank you very much for your inquiry and demand marking our toilet seats with the CE label.

As toilet seats especially are not mentioned and listed in annex IV point 11 of the a.m.

Council Directive we are not in the position to confirm CE marking. There is no EU product norm for our products given. Therefore we are not enabled to mark CE and declare the conformity.

Despite of these facts we would like to draw your attention that all our products are tested according to DIN 19516. They absolutely fulfill the norm and even exceed it. All our plants are quality system certified according to ISO 9001 and ISO 14001 (environmentally friendly production) .

We hope for your understanding and we are looking forward to a positive development of our common business.

With best regards,

HAMBERGER SANITARY GmbH
